To Whom It May Concern

Dear Sirs

Forest School provision & Liability Insurance

As appointed insurance brokers to the Forest School Association and their members, we have been asked to issue a letter regarding our scheme, which has a Public/Products Liability indemnity of £5,000,000 any one claim throughout the period of the annual policy.

We have always held the opinion that forest school is an outdoors activity, with minimal impact or likelihood that more than £5,000,000 in damage could be caused. We therefore feel that an increased indemnity is unjustified.

Whilst we appreciate that some contractors on local authority lists might require higher limits (eg: Plumbers, builders, roofers and others working in sensitive locations etc), we repeat that, in our opinion, an indemnity of £5,000,000 ought to be sufficient for any local authority to ask for in respect of forest school activities.

Yours faithfully
